PROFESSIONAL SUMMARY

Research Scientist with 15+ years of experience. Skilled in MLOps, Machine Learning, NumPy.

PROFESSIONAL EXPERIENCE

Senior Data Engineer | Oracle | 2 years
• Led team of 6 engineers in developing new features
• Improved system performance by 26%

Machine Learning Engineer | LinkedIn | 1 years
• Led team of 9 engineers in developing new features
• Improved system performance by 40%
• Reduced costs by $325K annually

Machine Learning Engineer | Meta | 1 years
• Led team of 5 engineers in developing new features
• Improved system performance by 66%
• Reduced costs by $481K annually
• Launched 3 major features serving 425K+ users

Research Scientist | Workday | 4 years
• Led team of 3 engineers in developing new features
• Improved system performance by 43%
• Reduced costs by $315K annually

TECHNICAL SKILLS

MLOps, Machine Learning, NumPy, Data Visualization, Scikit-learn, Time Series, R, Model Deployment, Hadoop

EDUCATION

Bachelor of Science in Mathematics
University of Michigan | Graduated: 2019 | GPA: 3.55
